Se detallarán todos los aspectos que se modifiquen en esta situación. En particular, las actividades docentes y metodologías empleadas (grabaciones de clases, mayor utilización de foros, chats, realización de tutorías, exposiciones en aulas virtuales, realización de trabajos, etc.), así como lo relacionado con el proceso de evaluación (cambio en el tipo de evaluación final empleado, en su caso entrega de trabajo, examen tipo test, prueba oral, etc.) All the aspects that are modified in this situation will be detailed. In particular, teaching activities and methodologies used (class recordings, greater use of forums, chats, tutoring, exhibitions in virtual classrooms, work, and like) as well as related to the evaluation process (change in the type of final evaluation used, if applicable, essays, test-type exam, oral test, etc.)

- We will be using Aula Global intensively. There the student will find links to electronic material as well as past exams and their answer keys.
- Lectures will be conducted online through the service BlackBoard Collaborate. The material needed for the lectures will be posted in advance. In case of emergency we will celebrate all practice classes online.
- The midterm exam will be conducted online and synchronically. In case of emergency the final exam will also take place online in the same manner that the midterm exam.
- We will use the forum and chats of Aula Global as a way of stimulating the interaction among students. There will be one forum continuously open so that students can discuss the project and help each other solving questions. There is another forum where the professor will ask questions for debate. Participation will be necessary to get the 10% of the final grade. Specifically, to get that 10% we require each student to participate 5 times (meaningfully) in either of the forums.
